Re: **Tronox LLC (TRX)**  
**NDEP Facility ID #H-000539**  
Nevada Division of Environmental Protection Response to:  
*Phase 2 Sampling and Analysis Plan to Conduct Soil Characterization, Tronox Parcels "C"  
and "D" Site, Henderson, Nevada, Revision 1 (dated September 19, 2007)*

Dear Ms. Crowley,

The NDEP has received and reviewed TRX's above-referenced Phase 2 Sampling and Analysis Plan (Phase 2 SAP) and finds that the document is acceptable with the following exceptions to be addressed in the resulting investigation report:

- Scope of Work, Task 1: Field Implementation and Figure 2, TRX lists and illustrates the proposed judgmental samples, respectively. The NDEP has reviewed Figure 2 and requests the following samples:
  - Parcel C, grid cell C-C1: in drainage feature just north of road (northern corner of cell), possible collection point for runoff from groundwater treatment system area.
  - Parcel C, grid cell C-C1: in drainage feature with white staining (southern end, west of the middle of the cell), historic french drain location.
  - Parcel C, grid cell C-E1: in drainage feature with white staining (southern end, west of the middle of the cell), historic french drain location.Please add a judgmental sample in these locations and submit errata pages for the above-referenced report prior to the commencement of field work that addresses the addition of these samples (e.g. page 4, Figure 2, etc.).
- Table 1, the NDEP has noted that this table does not indicate all of the chemicals that are listed on TRX's March 2006 site related chemicals (SRC) list but that all SRCs are proposed to be analyzed.

Please contact the undersigned with questions at [sharbour@ndep.nv.gov](mailto:sharbour@ndep.nv.gov) or (702) 486-2850 x 240.

Sincerely,

Shannon Harbour, P.E.
