**RE: Underground Injection Control Permit UNEV94218
Tronox Henderson Facility, 560 West Lake Mead Drive, Henderson, Nevada**

Dear Mr. Kidwell:

The Bureau of Water Pollution Control has reviewed the UIC Permit Transfer Request dated February 11, 2011, and received February 14, 2011. It was noted that the Notice to Transfer Injection Permit was a copy without original signatures. All legal documents are required to be received in hard copy form with original signatures. Please resubmit UIC Form U250 with original signatures.

Two other items I'd like to address are:

1. Years ago, the UIC permit was changed from NEV94218 to UNEV94218, please notify all individuals that will be working with the permit in the future to use this permit number (UNEV94218) and not the old one, it could cause processing issues and delay important requests.
2. Please indicate the mailing address for the annual fee invoice. The state fiscal year 2012 annual fee of \$1,500 will be due July 1, 2011.

As soon as I receive the above document, I will process the transfer to the February 14th effective date. If you have any questions regarding the permit, please contact me at (775) 687-9428 or via email rland@ndep.nv.gov.

Sincerely,

Russ Land
Underground Injection Control Program
