Nevada Division of Environmental Protection (NDEP) Response to: *Data Validation
Summary Report Reversion 2: October through December 2014 Soil Remedial
Investigation Sampling and Associated EDD*

Dated: October 8, 2018

Dear Mr. Steinberg,

The NDEP has received and reviewed the Trust's above-identified Deliverable and finds that the document is acceptable with the following comments noted for the Administrative Record:

1. As noted in DVSR comment #8, *'non-selected results were flagged "DNR" with the reason code "orr"'*. In the results table, the associated `final_validation_qualifier` and `final_validation_reason_codes` entries have "DNR" and "orr", respectively, but the original qualifier and reason code have been appended to these entries which was not noted in the response to DVSR comment #8. Only the "DNR" and "orr" are required in the `final_validation_qualifier` and `final_validation_reason_codes` fields. If you would like to retain the original qualifier and reason code, they may be noted in the `result_comment` field. The `validation_reason_code` of "orr" should also be added to the `validation_reason` table. Please submit a revised EDD according this comment by **5/16/2019**.

Please contact the undersigned with any questions at wdong@ndep.nv.gov or 702-486-2850 x252.

Sincerely,

Weiquan Dong, P.E.
