Re: Re: BMI Plant Sites, Common Areas Projects and other Industrial Sites, Henderson, Nevada

August 2020 Basic Comparison Levels – Still the Most Current Guide and Tables

This letter provides that the August 2020 User's Guide and Table for the revised Basic Comparison Levels (BCLs), is the most current edition and it will be posted on the NDEP's website at <http://ndep.nv.gov/risk-assessment-and-toxicology-basic-comparison-levels> or can be searched within the NDEP website with the terms "Basic Comparison Levels". The spreadsheet associated with the BCL table was temporarily missing from the website and has been placed back in the folder. This guidance and tables should be used in the development of all future Deliverables.

Please contact the undersigned with any questions at jcarltonparker@ndep.nv.gov or 702-668-3908.

Sincerely,

Carlton Parker
Supervisor,
CP:cp
