Subject: NDEP Facility ID H-000539 – Kerr-McGee ECA – *Data Usability Evaluation*

Dear Mr. Rakvica:

Kerr-McGee Chemical LLC (Kerr-McGee) has undertaken an Environmental Conditions Assessment (ECA) as directed by Nevada Division of Environmental Protection (NDEP). Integral to that assessment is an understanding the usability of data that has been generated in support of our investigative efforts. A Data Usability Evaluation is currently underway and near completion.

Under separate cover we will be providing information regarding an addition to our ECA project team, Keith Bailey. We desire that Mr. Bailey participate in reviewing the final elements of the Data Usability Evaluation and request that the delivery date for the Data Usability Evaluation be extended from May 30, 2005 to June 17, 2005 to allow for this. Also, following our "all companies" meeting with NDEP on May 24<sup>th</sup>, we recognize the collective benefit in data sharing between Kerr-McGee and the other BMI entities and will participate in this effort.

We appreciate your consideration of our request. Feel free to call me at (702) 651-2234 if you have any questions regarding this correspondence. Thank you.

Sincerely,

Susan Crowley  
Staff Environmental Specialist, CEM 1428
