

LEGEND

- Shallow Water Bearing Zone Well (used in contouring)
- Deeper Water Bearing Zone Well (not used in contouring)
- 100— Total Chromium Iso-concentration Line (µg/L) (Dashed where approximate)
- 40(20) Total Chromium (Hexavalent Chromium) Concentrations (µg/L)
- J Estimated Concentration
- NA No Analysis
- ▭ Nevada Environmental Response Trust Property Boundary
- ▨ Area of shallow Upper Muddy Creek (UMCf) deposits (so called "UMCf Ridge")

Note: Results shown may have been rounded for clarity. See Table A-1 and A-2 for all results reported to full precision.
