Las Vegas NV 89119

RE: 90 % Design Drawings for Chromium Treatment Plant
Nevada Environmental Response Trust
Henderson, Nevada

Dear Ms. Lingenfelter:

Please find enclosed the 90 % Design Drawings for a new Chromium Treatment Plant planned for incorporation into the Permitted Treatment Works at the Nevada Environmental Response Trust (NERT) site in Henderson, Nevada. Upon receipt of comments on the enclosed design drawings by the Nevada Division of Environmental Protection, Bureau of Water Pollution Control (NDEP, BWPC), NERT will submit the 100 % Design Drawings for final approval. Upon receipt of NDEP, BWPC approval, Envirogen Technologies, Inc. (ETI) will begin construction of the new Chromium Treatment Plant immediately south of the current plant. Once operational, ETI will manage this system on behalf of NERT in accordance with the current and future National Pollutant Discharge Elimination System (NPDES) permits. The new Chromium Treatment Plant is a critical component of NERT's plans to increase the extraction of contaminated groundwater at the NERT Site. As such, NERT would greatly appreciate an expedited review of the design package.

If you have any questions or concerns regarding this matter, please feel free to contact me at (702) 960-4309 or at steve.clough@nert-trust.com.
