Nevada Environmental Response Trust  
Henderson, Nevada

Dear Dr. Dong:

The Nevada Environmental Response Trust (NERT) is pleased to present the Hydrogen-Based Gas Permeable Membrane Technology Pilot Test Work Plan for Nevada Division of Environmental Protection (NDEP) review. This work plan is being submitted as a component to the ongoing Remedial Investigation/Feasibility Study underway at the NERT site. The purpose of this work plan is to evaluate an alternative groundwater treatment technology to include in the Feasibility Study evaluation. Accordingly, NERT directed Tetra Tech to prepare the attached scope of work. Upon receipt of comments and/or approval, NERT will prepare the appropriate documentation and present a budget for implementation.
