RE: Phase 3 Remedial Investigation Modification No. 11  
Nevada Environmental Response Trust  
Henderson, Nevada

Dear Dr. Dong:

The Nevada Environmental Response Trust (NERT) is pleased to present Phase 3 Remedial Investigation (RI) Modification No. 11 for Nevada Division of Environmental Protection (NDEP) review. The purpose of this modification is to obtain NDEP's approval to collect additional soil and groundwater samples in Operable Unit 3 (OU-3) to support the ongoing RI. The additional proposed wells are based on conversations with NDEP regarding the need for additional investigation in the vicinity of the Seep Well Field. Accordingly, NERT directed Ramboll to prepare the attached scope of work. Following approval of this modification NERT will provide this information to the respective property owners to obtain access for the field activities and then execute the approved work. All data obtained as a result of the proposed effort will be evaluated in the forthcoming RI Report for OU-3.

If you have any questions or concerns regarding this matter, feel to contact me at (702) 960-4309 or at [steve.clough@nert-trust.com](mailto:steve.clough@nert-trust.com).
