RE: Groundwater and Surface Water Monitoring Program Sampling and Analysis Plan, Revision 2  
Nevada Environmental Response Trust  
Henderson, Nevada

Dear Dr. Dong:

The Nevada Environmental Response Trust (NERT) is revising the Groundwater and Surface Water Monitoring Program Sampling and Analysis Plan (SAP), Revision 2 in accordance with the Nevada Division of Environmental Protection's (NDEP's) comments dated February 16, 2022. This comment letter requested submittal of an annotated response to comments as well as a revised SAP by April 16, 2022. Given that the bulk of NDEP's comments are associated with NDEP's Draft Chloroform Report circulated for NERT's review, NERT is requesting an extension to responding to NDEP's comments on the SAP. This extension will allow NERT to provide comments on the Chloroform Report concurrent with an annotated response to comments regarding NDEP's comments on the SAP. Accordingly, NERT proposes the following path forward to address NDEP's comments and prepare a revised SAP for NDEP's review.

1. NERT will prepare an annotated response to comments and submit to NDEP for review by May 7, 2022.
2. NERT will work with NDEP to agree upon the resolution of each of NDEP's comments. Upon reaching agreement on resolution of NDEP's comments, NERT will prepare schedule to prepare the revised SAP.
3. NERT will prepare the revised SAP and submit it in accordance with the approved schedule.
