375 E. Warm Springs Road, Suite 200  
Las Vegas, Nevada 89119

RE: Phase 7 Groundwater Flow and Transport Model  
Nevada Environmental Response Trust  
Henderson, Nevada

Dear Dr. Dong:

Consistent with NERT's 2023 Milestones, NERT has developed a schedule for completion of the Phase 7 groundwater flow and transport model (Phase 7 Model) now that Desert Research Institute (DRI) has completed its work associated with evapotranspiration and groundwater residence time. Based on NERT's last Gantt chart dated February 17, 2023, it was estimated that the Phase 7 Model would be submitted within 49 weeks of DRI completing their work. As you know DRI submitted its evapotranspiration final report on June 28, 2023 and its groundwater residence time final report on July 21, 2023. Upon reviewing the current status of the Phase 7 Model and all other NERT deliverables in queue, NERT is requesting a revised delivery of the Phase 7 Model by May 17, 2024, which is within 43 weeks receipt of DRI's final reporting.

If you have any questions or concerns regarding this matter, feel to contact me at (702) 960-4309 or at [steve.clough@nert-trust.com](mailto:steve.clough@nert-trust.com).
