Subject: Request to Modify the Schedule in the April 12, 2005 Administrative Order on Consent between NDEP and Tronox LLC (formerly Kerr-McGee Chemical LLC)

Facility: Tronox LLC
8000 W. Lake Mead Parkway
Henderson, NV 89015
NDEP Facility ID #H-000539
NPDES Permit # NV0023060

Dear Mr. Bailey,

The Nevada Division of Environmental Protection (NDEP) has received and reviewed the subject request dated April 24, 2006. NDEP understands the thirty-one (31) day schedule extension is requested to account for unexpected delays associated with acquisition of a Clark County building permit. NDEP further understands the building permit was finalized on May 2, 2006.

The NDEP concurs with the Tronox LLC (Tronox) request to extend the schedule for sections II.2.B and II.2.C of the referenced AOC by thirty-one (31) days. The revised schedule accommodates additional time for construction of the additional biological reactor and the enhanced solids recovery and management system. Please make the necessary arrangements to complete final engineering, detailed design, and construction of these items by September 1, 2006.

Attached, please find one fully executed "Modification of Administrative Order on Consent" signature page for your records.

Mr. Keith Bailey, Director, Waste Minimization
Tronox LLC Henderson Facility; Facility ID # H-000539
