Re: **Tronox LLC (TRX)**
NDEP Facility ID #H-000539
Nevada Division of Environmental Protection (NDEP) Response to:
Phase B Source Area Investigation – Soil Gas Survey Work Plan, Tronox LLC,
Henderson, Nevada
Dated March 20, 2008

Dear Ms. Crowley,

The NDEP has received and reviewed TRX's above-identified Work Plan and finds that the document is acceptable with the following conditions:

1. Based on the referenced BRC Standard Operating Procedure (SOP) 37 – Active Soil Gas Investigation, the soil gas samples are to be collected at five feet below ground surface (fbgs) not ten fbgs as proposed in the Work Plan. TRX should collect soil gas samples at five fbgs except for those samples located in the vicinity of Unit 3. These samples should be collected at five feet below the depth of the Unit 3 basement.
2. NDEP expects that the issue of data adequacy for soil gas will be addressed once data is received. The form and timing of this evaluation can be discussed with the NDEP at a later date.

Please contact the undersigned with any questions at sharbour@ndep.nv.gov or (702) 486-2850 extension 240.

Sincerely,

Shannon Harbour, P.E.
