Dear Mr. Steinberg,

The Nevada Division of Environmental Protection (NDEP) has received and reviewed the October 8, 2018 Compilation of Select Health Risk Assessment Documents for Parcel H: 2008 to 2018 (Deliverable). This Deliverable was prepared under the responsible charge of Mr. John M. Pekala, CEM of Ramboll US Corporation on behalf of Nevada Environmental Response Trust (Trust) for the above-referenced areas. The Deliverable contains a request for a no further action determination from the NDEP.

The NDEP has reviewed the following information and has determined that no further assessment or remediation of soil is required:

1. A voluntary Environmental Covenant (“EC”) has been prepared and executed in accordance with Nevada Revised Statutes 445D relating to the prospective use of the subject property;
2. A formal human health risk assessment; and
3. Supporting technical data.

The EC was recorded as of December 3, 2018 with the Clark County Recorder office for the areas designated above, and therefore the EC (as may be amended in the future by agreement of NDEP and the owner of the property) is a matter of public record.

Parcel H is further depicted and described in the attachment of this letter. (Legal descriptions and map for Tronox Parcel H)
