Nevada Division of Environmental Protection (NDEP) Response to: *Data Validation
Summary Report, Remedial Investigation Sampling Phase 2, March 2018 through March
2019, Rev. 1*

Dated: February 12, 2020

Dear Mr. Steinberg,

The NDEP has received and reviewed the Trust's above-identified Deliverable and finds that the document is acceptable with the following comments noted for the Administrative Record:

1. If it is expected that BMI database users may wish to access results in ppbv, or if it is unknown at this time, then please continue to supply both sets of data.
2. Unlike units of ppbv and ug/m3, it is possible that database user may not identify the somewhat subtle difference between ammonia as NH3 and ammonia as nitrogen. If both results are needed, then they can be retained; however, if only one set will be used, we suggest removing the other set in order to prevent inadvertent use of the wrong data.

Please provide response to these two comments through email.

Please contact the undersigned with any questions at wdong@ndep.nv.gov or 702-486-2850 x252.

Sincerely,

Weiquan Dong, P.E.
