Re: **City of Henderson Landfill**  
**NDEP Facility ID #H-000999**  
Nevada Division of Environmental Protection (NDEP) Response to: *Post-Response Site Control Plan 2021 Annual Report City of Henderson Landfill*

Dated: April 28, 2022 (cover letter dated June 29, 2022)

Dear Ms. Klimek:

The NDEP has received and reviewed the above-identified Deliverable and finds that the document is acceptable with the following comment noted for the Administrative Record:

1. The annotated response-to-comments letter did not acceptably address comment #8. A revised annotated response-to-comments letter submitted to NDEP via email on July 12, 2022 provided the following response to comment #8: "During 2021, erosion from the cells led to sediment being observed on the northern access road between Cells A and C and the access road east of Cell A. However, the sediment was not from the access roads themselves and failure of the road was not a concern. Therefore, no maintenance activities were required to be completed on the access roads in these areas. Section 5.6 (Access Roads) has been updated to reflect this information." This is considered an acceptable response to comment #8.

Please contact the undersigned with any questions or comments about this letter at [alan.pineda@ndep.nv.gov](mailto:alan.pineda@ndep.nv.gov) or 702-668-3925.

Sincerely,

Alan Pineda, P.E.
