PO Box 2128
Henderson, NV 89009

Re. **BMI Plant Sites and Common Areas Projects, Henderson, Nevada**
Maintenance of the All Wells Database

Dear Sirs:

The NDEP believes that the All Wells Database is a valuable tool for sharing information among the Companies. In order to maintain the usefulness of this tool, the NDEP is requesting an initial update of all revised or new information since January 2010 to be submitted to NDEP's Contractor, McGinley & Associates (MGA). Information should be sent to Mr. Brian Rakvica at brakvica@mcgin.com. This initial update should be provided **by September 9, 2011**. Along with this initial update, please identify the point of contact for each of your respective Companies for this task to Mr. Rakvica.

Additional specific information regarding the format of the information submittal will be provided to the Companies directly from MGA. In addition, MGA will circulate the most recent version of the All Wells Database.

Following the completion of this initial update, NDEP via MGA will request quarterly updates to the all wells database. These quarterly updates will be due on the 15th of the month during January, April, July, and October.

Please contact me with any questions (tel: 702-486-2850 x252; e-mail: wknight@ndep.nv.gov).

Sincerely,

William Knight, P.E.
Supervisor, Special Projects Branch
Bureau of Corrective Actions
