Mr. Brian Rakvica, P.E.
Nevada Division of Environmental Protection
1771 East Flamingo Road, Suite 121-A
Las Vegas, Nevada 89119

Dear Mr. Rakvica:

Subject: Kerr-McGee Conceptual Site Model

Kerr-McGee Chemical LLC (Kerr-McGee) has undertaken an Environmental Conditions Assessment for the Henderson production site at the direction of Nevada Division of Environmental Protection (NDEP). An initial Phase I review was completed in early 1993 and Phase II activities associated with the site began shortly after that. As follow-on to the Phase I and Phase II activities Kerr-McGee has developed a Conceptual Site Model (CSM) which describes environmental conditions at the Henderson, Nevada site. Attached please find two copies of this document for your review.

Feel free to call me at (702) 651-2234, if you have any questions about this request. Thank you.

Sincerely,

Susan M. Crowley
Staff Environmental Specialist, CEM 1428
