Subject: NDEP Response to Revised Technical Memorandum: Screening-Level Indoor Air Health Assessment for the 2008 Tronox Parcels A/B Soil Gas Investigation, Tronox LLC, Henderson, Nevada, dated June 29, 2010, dated August 31, 2010
Tronox LLC, Henderson Nevada: NDEP Facility ID # 000539

Dear Ms. Harbour:

On behalf of Tronox LLC (Tronox), we are sending you this letter to provide an update on the subject document, in which the Nevada Division of Environmental Protection (NDEP) requested a revised deliverable to be submitted September 21, 2010. This deliverable is delayed based on cash-flow considerations. As discussed during our call on Monday, September 13, Tronox requests further discussions to resolve these matters.
