LEGEND

Wells Identified for Sampling (May - June 2011)

- Shallow Water Bearing Zone Well (used in Contouring)
- Deeper Water Bearing Zone (not used in Contouring)
- Nitrate Iso-concentration Line (mg/L)
(Dashed where approximate)
- 1700 Nitrate Concentration (mg/L)
- NA No Analysis
- J Estimated Concentration
- Nevada Environmental Response Trust Property Boundary
- Unsaturated Alluvium

Note: Results shown may have been rounded for clarity. See Table A-1 and A-2 for all results reported to full precision.
