RE: Storm Water Conveyance Modification and Property Line Grading Project
Nevada Environmental Response Trust
Henderson, Nevada

Dear Mr. Dong:

Consistent with the Site Management Plan, Revision 2, the Nevada Environmental Response Trust (NERT) is submitting the Storm Water Conveyance Modification and Property Line Grading Project Completion Report to the Nevada Division of Environmental Protection (NDEP). This report summarizes the activities associated with the construction of the new storm water conveyance extension at former Outfall 2 and eastern property line grading. As you will recall, storm water traveling through this extension is conveyed to the Northern Retention Basin. As part of this project NERT identified previously unknown contaminated soil. This report also documents NERT's actions to remove this impacted soil and documents that contamination that was left in place.

If you have any questions or concerns regarding this matter, feel to contact me at (702) 960-4309 or at steve.clough@nert-trust.com.
